## Benefit Exclusions

The plan includes only covered conditions or losses that occur when the insurance is in force. Benefits are not payable for any covered conditions or loss caused or contributed to by:

1. suicide, attempted suicide, or any intentionally self-inflicted injury, while sane or insane;
2. committing or attempting to commit a felony; participation in a felony; committing a felony;
3. war or any act of war, declared or undeclared;
4. participation in a riot, insurrection or rebellion of any kind; active participation in a riot, insurrection or rebellion; voluntary participation in a riot, insurrection or rebellion; participation in a riot or insurrection; or
5. a covered condition sustained while residing outside the United States, U.S. Territories, Canada, or Mexico for more than 12 months. A Covered Condition sustained while residing outside the United States, its possessions, Canada, or Mexico for more than 12 months, unless the Covered Condition is rediagnosed/confirmed in the United States.

*Benefits will not be payable if the insured person is incarcerated in any type of penal or detention facility. A benefit for heart attack or sudden cardiac arrest is not payable if the event occurs during a medical procedure.*

During the first 12 of coverage benefits will not be payable for a pre-existing condition. A "pre-existing" condition is one in which you or an insured dependent receive treatment during the 12 months prior to the effective date of coverage. Treatment means consultation, care, and services provided or prescribed by a Physician for which symptoms exist.

If you are a participant in a Critical Illness plan which this plan replaces and are diagnosed with a pre-existing condition, we will consider whether the condition was payable under the prior plan when determining if it will be payable under this plan.

### Pre-existing Condition exclusion

Benefits are not payable for any covered condition or loss:

1. which is caused, contributed to by, or results from a pre-existing condition; and
2. which begins in the Exclusionary period after the covered person's effective date (unless the condition was not treated during any treatment-free period, if applicable).

The pre-existing condition exclusion will also apply to any increase in coverage beginning on the effective date of the increase.

A pre-existing condition means a covered condition for which treatment was received during the look-back period prior to the effective date of coverage. Treatment means consultation, care and services provided or prescribed by a physician. It includes diagnostic measures and the prescription, refill or taking of prescribed drugs or medicines for which symptoms exist.

This is an incomplete list of benefit exclusions. A complete list is included in the policy. State variations apply.

This is not intended as a complete description of the insurance coverage offered. Controlling provisions are provided in the policy, and this summary does not modify those provisions or the insurance in any way. This is not a binding contract. A certificate of coverage will be made available to you that describes the benefits in greater detail. Refer to your certificate for your maximum benefit amounts. Should there be a difference between this summary and the contract, the contract will govern. Some benefits have limits on the number of services provided or limit the time frame in which the services must be rendered. See your certificate booklet or policy for more information. This insurance product does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.
